

Roofing Financing Options – Coming Soon

At U.S. Roofing Solutions, a DBA of BIG Vision Consulting Group, LLC, we are committed to making our top-tier roofing services more accessible and affordable for homeowners and property managers. While we currently do not offer direct in-house financing, we are actively working to partner with trusted financial providers to offer secure, transparent financing options tailored for residential and commercial roofing needs.

Our financing program is in development and will soon include flexible payment plans, low-interest options, and same-day approval through licensed third-party lenders. These options will be available across all service areas including Maryland, Washington, D.C., Virginia, and Florida, in full compliance with state lending laws and contractor financing regulations.

In the meantime, we encourage clients seeking financing for roofing or solar-related upgrades to explore the following reputable lenders:

1. LightStream (A division of Truist Bank) – Home improvement loans, low fixed rates, no fees
2. Wells Fargo Personal Loans – Often used for large home projects
3. EnerBank USA – Specializes in contractor financing (available through some local contractors)
4. Upgrade & SoFi – Personal loans with fast approval and competitive rates
5. Local Credit Unions – Often provide better rates for home improvement loans

NOTE: Please consult with your financial institution for the best plan tailored to your

financial profile.

All financing options we integrate in the future will be aligned with the following regulations:

- Maryland: Md. Code, Business Regulation §8-101 et seq.
- District of Columbia: D.C. Code §47-2853 et seq.
- Virginia: Va. Code §54.1-1100 et seq.
- Florida: Fla. Stat. §489.101 et seq.

We are committed to transparency, regulatory compliance, and customer care.

We thank you for your trust in U.S. Roofing Solutions and look forward to expanding our services to meet your needs. If you have questions or would like to be notified when our financing options go live, please email us at info@usroofingsolutions.net.
